The visionary author’s masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

'Beautiful, evocative, authoritative.' Professor Brian Cox 'Important reading not just for anyone interested in these ancient cousins of ours, but also for anyone interested in humanity.' Yuval Noah Harari Kindred is the definitive guide to the Neanderthals. Since their discovery more than 160 years ago, Neanderthals have metamorphosed from the losers of the human family tree to A-list hominins.Rebecca Wragg Sykes uses her experience at the cutting-edge of Palaeolithic research to share our new understanding of Neanderthals, shoving aside clichés of rag-clad brutes in an icy wasteland. She reveals them to be curious, clever connoisseurs of their world, technologically inventive and ecologically adaptable. Above all, they were successful survivors for more than 300,000 years, during times of massive climatic upheaval. Much of what defines us was also in Neanderthals, and their DNA is still inside us. Planning, co-operation, altruism, craftsmanship, aesthetic sense, imagination, perhaps even a desire for transcendence beyond mortality. Kindred does for Neanderthals what Sapiens did for us, revealing a deeper, more nuanced story where humanity itself is our ancient, shared inheritance.

Dave Kindred's extraordinary investigation of the death of his grandson yields a powerful memoir of addiction, grief, and the stories we choose to tell our families and ourselves Jared Kindred left his home and family at the age of eighteen, choosing to wander across America on freight train cars and live on the street. Addicted to alcohol most of his short life, and withholding the truth from many who loved him, he never found a way to survive. Through this ordeal, Dave Kindred's love for his grandson has never wavered. Leave Out the Tragic Parts is not merely a reflection on love and addiction and loss. It is a hard-won work of reportage, meticulously reconstructing the life Jared chose for himself--a life that rejected the comforts of civilization in favor of a chance to roam free. Kindred asks painful but important questions about the lies we tell to get along, and what binds families together or allows them to fracture. Jared's story ended in tragedy, but the act of telling it is an act of healing and redemption. This is an important book on how to love your family, from a great writer who has lived its lessons.

Octavia E. Butler’s bestselling literary science-fiction masterpiece, Kindred, now in graphic novel format. More than 35 years after its release, Kindred continues to draw in new readers with its deep exploration of the violence and loss of humanity caused by slavery in the United States, and its complex and lasting impact on the present day. Adapted by celebrated academics and comics artists Damian Duffy and John Jennings, this graphic novel powerfully renders Butler’s mysterious and moving story, which spans racial and gender divides in the antebellum South through the 20th century. Butler’s most celebrated, critically acclaimed work tells the story of Dana, a young black woman who is suddenly and inexplicably transported from her home in 1970s California to the pre–Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana’s own ancestors, and the many people who are enslaved by him. Held up as an essential work in feminist, science-fiction, and fantasy genres, and a cornerstone of the Afrofuturism movement, there are over 500,000 copies of Kindred in print. The intersectionality of race, history, and the treatment of women addressed within the original work remain critical topics in contemporary dialogue, both in the classroom and in the public sphere. Frightening, compelling, and richly imagined, Kindred offers an unflinching look at our complicated social history, transformed by the graphic novel format into a visually stunning work for a new generation of readers.

A renowned veterinarian discusses the vital bond between humans and animals and argues that this relationship can have a transformative effect on both. Reprint.

With the sure touch she brought to the beloved Newbery Medal winner Sarah, Plain and Tall, in Kindred Souls Patricia MacLachlan guides children into the understanding that death is a natural part of life. Ten-year-old Jake has always been close to his grandfather Billy—so close that Jake’s mother calls them kindred souls. Each morning, Jake and Billy take a walk around the family farm. Billy often tells Jake stories of living in a sod house on the prairie. When Billy goes into the hospital, Jake decides the best gift he can give his beloved grandfather is a sod house. Billy moves to the sod house when he leaves the hospital and spends his last days living there.

Fueled by a thirst for revenge, Cassie no longer recognizes the person she’s become. Her determination to destroy Julian causes her to push away the ones who love her most, including Devon, but his love might be the only thing that can save her from madness. However, she isn’t expecting her bond with Devon to be threatened by an enemy more deadly and ruthless than any she’s ever faced. Torn from her friends, Cassie is stunned to find herself relying on the man she hates most… Julian. Can Cassie and Julian overcome their mutual hatred to survive, or will their enemies succeed in turning them into monsters? ***The Kindred Series is a young adult fictional story that includes some language, violence, and sexual situations. Recommended for ages fifteen and up.*** Keywords: Secret heritage high school romance clean suspenseful teen romance hidden past supernatural mystery magic powers action young adult horror novels action thriller suspenseful fantasy vampires blood mate supernatural suspense strong heroine coming of age supernatural love story coming of age fantasy strong male lead contemporary urban fantasy enemies to lovers drama angst love to hate secret heritage teen and young adult adventure series angst romantic fantasy for young adults twists folklore romance psychic power action adventure thriller.

An herbalist and free woman of color, Kindred Twain and Lelaheo/Cassian Harkness, an Oneida Indian, had been inseparable since childhood, so it was no surprise to anyone when their childhood bond blossomed into love as they grew into adulthood. Neither suspected when they agreed to wait to wed until Lelaheo had completed his medical studies in Europe that they were poised on the eve of the American Revolution, or that a young British miss named Adeline would threaten to tear them apart forever.

A sequel to the author's Song in the Silence follows young Lanen Kaeler on her continuing discovery of love and the dragons of legend. 10,000 first printing.

"Centers on what a number of British Victorian and Edwardian women said and did in the name of nature -- what part they played in the cultural reconstruction of nature that transpired in the years just proceeding the publication of Darwin's major work and in the wake of the Darwinian revolution"--Introduction.
