This book contains high-quality papers presented in the conference Recent Advances in Mechanical Infrastructure (ICRAM 2020) held at IITRAM, Ahmedabad, India, from 21-23 August 2020. The topics covered in this book are recent advances in thermal infrastructure, manufacturing infrastructure and infrastructure planning and design.

Retail ventures become successful due to a variety of reasons but major dilemma for retail entrepreneurs is the secret formula for continued success. The book provides the entire gamut of carefully crafted success themes which covers the retail business in its entirety. Competition gives the benefit of large product range, brands and competitive prices To The buyers. Retail management is similar To The comprehensive management of a luxury liner that calls for round the clock operations. Retail operations starting from vendor and retailer selections through which the business gets its full impact when the customer gets the product/brand he wants, where he wants and when he wants. Virtual determinants of retail success have been thoroughly covered in the book besides the regular retail business areas the book describe retail entrepreneurs selection of dealers, their motivation for selling their products in preference to competitive brands. Sales calls made on retailers by the principles, including call objective, call planning, call closure and feedback are highlighted For The benefit of the readers.

The rapid takeoff of the continent-sized national economies and the increasing expense of extraction have led to strong tensions in petrol prices and a race towards alternative driving systems. This book analyses the emergence of a second automobile revolution through the trajectories of automobile firms since the nineties.

Marketing is a way of doing business. It is all pervasive, a part of everyone’s job description. Marketing is an expression of a company’s character, and is a responsibility that necessarily belongs to the whole company and everyone in it.

This book takes a pedagogical approach that is participative and interactive, involving the case study method of learning. Chapters start with an Indian case study of a well known company. This is used as a capstone case for the chapter. The student will find this an easy learning experience as data and additional information for these enterprises is readily available. The selection of such cases makes classroom learning truly suited to the Indian business environment.The value driven approach to Operations Management is used in structuring the text into three modules. The first module discusses the infrastructure function of Operations Management. Infrastructure function is considered to be product, process, capacity and location. Module Two describes the structure of the operations function. This includes quality and other product transformation processes. Module Three focuses on the organization, people and processes i.e. the job, the work, and the workplace. In addition, most of the mathematical techniques have been separated into supplements attached to the relevant chapters. Software solutions for the techniques have been explained in the text. Every mathematical technique is exemplified with a number of solved problems. Unlike many Production and Operations Management texts, this book covers E-commerce, Industrial Safety, Maintenance, Environmental Management (Green Productivity) and new technological trends in the discipline. These sections should add to the significance of exploring how firms can gain competitive advantage and promote sustainable development at the same time. The last section of the book comprises of a selection of cases from The Indian Institute of Management at Ahmedabad. The cases encompass the entire spectrum of Indian Industry the private and the public sectors, professional and family managed business organizations, service and manufacturing industries, single industry and conglomerates. The cases relate to Operations Strategy, Supply Chain Management, Capacity Planning, New Products, Manufacturing Technologies, etc. The Case Studies are of world class. Prof. Tirupati, one of the authors of the case studies, according to Management Science, has penned one of the top 100 management articles in the 50 years.The book is comprehensive, lucid and easy to read and understand. It should be of great value both to students and faculty.

This systematically organized text, now in its second edition, gives an in-depth analysis of the multidimensional aspects of strategic marketing. Comprising a harmonious blend of theoretical aspects and real-world applications, the book presents the framework that governs a firm's strategic decisions in the area of marketing. Divided into five parts, the text attempts to provide an explanation and critical analysis of the core concepts that have driven the growth and development of the subject for decades. At the same time, emerging concepts that would shape the scope of the subject have also been highlighted. The book is specifically written for the students who pursue academic and professional programmes in marketing, management and business studies. KEY FEATURES • Provides case studies in the context of Indian business at the end of each chapter to reinforce the understanding of the theory. • Comprises glossary of terms in addition to chapter-end summary, exercises and references. • Emphasizes self-study approach by explaining complex issues in a simple and student-friendly manner. NEW TO THE SECOND EDITION • Entirely revamped and updated to make the book an effective teaching and learning resource. • New chapters on ‘Service Marketing Strategies’, ‘Global Marketing Strategies’ and ‘Internal Marketing: A Tool for Implementation’. • Inclusion of several new sections throughout the text as per the latest development in the field. TARGET AUDIENCE • Marketing MBA • (Specialisation–Marketing)

Efficient financial management is the essence of business. This book analyses and evaluates core financial management practices of corporate enterprises in India across diverse sectors including realty, FMCG, pharmaceutical, automobile, IT, chemical and BPO sectors. It emphasizes the importance of the integrated process of capital investments, financing policy, working capital management and dividend distribution for shareholders for a developing economy as India. It further highlights the need for financial viability both in totality and segmental performance. The volume also offers a comparative study of the practices of the companies in different sectors to allow a better appreciation of the issues and challenges regarding management of finances. Rich in case studies, this book will be an indispensable resource for scholars, teachers and students of financial management, business economics as also corporate practitioners.

There are many dimensions to know the future of the stock market. The best dimension among them is astrology because astrology gives guidance of both time and direction, which can be very important in the stock market. It’s time to know the future in the stock market. And astrology itself is invaluable for the stock market because of the knowledge of direction found through astrology. In the year 2020, the stock market was broken due to COVID-19. There was no understanding of what would happen, but it was known at that time by astrology that this time in the stock market was the best opportunity to invest. Timely investment yields around 400% times profit by year-end. Nifty-Bank Nifty Astro Prediction 2021 has been composed to answer some of these questions. How will the composition of Yoga coincidence and the position of the planets in 2021 affect the stock market and what will be the results?

One certain thing in the fashion world is change. Fashion is a language which tells a story about the person who wears it. Katherine Hamnett, a Top British Fashion designer describes fashion as “Clothes create a wordless means of communication that we all understand”. Some of the top Institution like NIFT, NID and IIFT conduct their respective entrance exams to provide lucrative and flourishing careers in fashion designing. The Ultimate Guide for NIFT/ NID/ IIFT leads you to the path of fashion and its design, comprehensively covering all the syllabus of almost all the universities and Institutions which are offering the bachelors and masters courses in Fashion Designing. The book carries complete study material that covers both Undergraduate and Postgraduate entrance examinations. It has been divided into Seven Sections which are further divided into chapter as per the syllabi and exam pattern. The explanation of each section has well elaborated leave no stones untouched in a lucid manner. After each section 2 Sections Tests provided for the quick revision of the concepts, ample number of MCQs have been provided and for the complete practice 3 Practice Sets have been provided at the end of the book, Detailed Solved Paper 2020 have been provided to give hint to the level and types of questions they come in the exams.
