A follow-up to the best-selling Animalium. This beautiful large-format poster book lets you decorate your walls with the gorgeous images from Big Picture Press's best-selling Animalium. This is a celebration of the world from the mountainous elephant to the tiniest insects.

Learn how plants evolved and about the adaptations they make to survive.

The newest title in the Welcome to the Museum series turns its focus to the heavens and explores the wonders of space. Welcome to the museum that is always open to explore. Step inside the pages of this beautiful book to discover galleries of galactic matter, expertly curated to bring you the experience of a fascinating exhibition in the comfort of your own home. Planetarium features all aspects of space, from the sun and our solar system to the lives of stars, the Milky Way, and the universe beyond. With stunning artwork from Dinosaurium illustrator Chris Wormell and informative text by Raman Prinja, a professor of astrophysics at University College, London, Planetarium is the perfect gift for budding astronomers and armchair stargazers alike.

Informative, imaginative, and artistic activities for young naturalists everywhere. Following the best-selling Animalium, Katie Scott returns with a companion activity book. Bursting with fascinating facts and puzzles, this book offers hours of entertainment to artists and animal lovers. Beautiful and inspiring, the myriad activities in this book challenge readers to discover something new and use their imaginations to draw, decorate, and design on every tear-out page.

Welcome to the museum! There are more than 160 animal specimens to be discovered in Animalium, the first in a series of virtual museums. Wander the galleries - open 365 days a year - and discover a collection of curated exhibits on every page, accompanied by informative text. Each chapter features a different branch of the tree of life, from the simple sponge to the enormous elephant.

Showcases dozens of full-color animal specimens from around the world in a gallery format, complemented by identification information and brief descriptions.

This large-format poster book lets you decorate your walls with images from Katie Scott's Botanicum. Featuring plantlife of all kinds, from right around the world, it's a stunning celebration of all things botanical.

This new extended edition of Story of Life is the perfect gift for those with a love of the natural world. Wander the galleries - open 365 days a year - and discover a collection of curated exhibits on every page, accompanied by informative text. Each chapter features key species from a different geological era with fantastic new artwork from Katie Scott.

Welcome to the museum that is always open to explore... Step inside the pages of Anatomicum to enjoy the experience of a museum from the comfort of your own home. The 2019 offering from Welcome to the Museum guides readers through the human body, from the muscles we use to show emotion, to the delicate workings of the brain. With sumptuous artwork by Katy Wiedemann and expert text by professor Dr Jennifer Z Paxton, this beautiful book is a feast of anatomical knowledge.
