World Migration Report 2020, the tenth in the world migration report series, has been produced to contribute to increased understanding of migration throughout the world. This new edition presents key data and information on migration as well as thematic chapters on highly topical migration issues, and is structured to focus on two key contributions for readers: Part I: key information on migration and migrants (including migration-related statistics); and Part II: balanced, evidence-based analysis of complex and emerging migration issues.

Where To Download Benin Immigration Laws And Regulations Handbook

International migration is high on the public and political agenda of many countries, as the movement of people raises concerns while often eluding states' attempts at regulation. In this context, the 'Migration Without Borders' scenario challenges conventional views on the need to control and restrict migration flows and brings a fresh perspective to contemporary debates. This book explores the analytical issues raised by 'open borders', in terms of ethics, human rights, economic development, politics, social cohesion and welfare, and provides in-depth empirical investigations of how free movement is addressed and governed in Europe, Africa, the Americas and Asia. By introducing and discussing the possibility of a right to mobility, it calls for an opening, not only of national borders, but also of the eyes and minds of all those interested in the

changing international migration patterns.

In 2015, Europe recorded an unprecedented number of asylum seekers:

as many as one million. An estimated 350,000 to 450,000 people could be granted refugee or similar status, more than in any previous European refugee crisis since World War II.
