fullest, richest, most objective rendering yet of the soldier who became president. He gives us a masterly account of the European war theater and Eisenhower's magnificent leadership as Allied Supreme Commander. Ambrose's recounting of Eisenhower's presidency, the first of the Cold War, brings to life a man and a country struggling with issues as diverse as civil rights, atomic weapons, communism, and a new global role. Along the way, Ambrose follows the 34th President's relations with the people closest to him, most of all Mamie, his son John, and Kay Summersby, as well as Franklin D. Roosevelt, Winston Churchill, Charles de Gaulle, Harry Truman, Nixon, Dulles, Khrushchev, Joe McCarthy, and indeed, all the American and world leaders of his time. This superb interpretation of Eisenhower's life confirms Stephen Ambrose's position as one of our finest historians.

Stephen E. Ambrose draws upon extensive sources, an unprecedented degree of scholarship, and numerous interviews with Dwight D. Eisenhower himself to offer the fullest, richest, and most objective rendering yet of the soldier who became president. At various times in his life, Eisenhower was a soldier at wartime, the Chief of Staff, patron to the North American Treaty Organization, president of Columbia University, and the Supreme Commander of the United States. However, he was also a father, son, husband, and friend. This deeply personal biography concerns itself less with the "life and times" of Eisenhower and more on the man himself, his achievements and triumphs, failures and concerns, as well as his relationships with those closest to him. A charismatic leader with a high degree of intelligence, integrity, tremendous energy and a commitment to basic principles that drew soldiers, civilians, and foreigners alike to him, Eisenhower was also ambitious, sensitive to criticism, and avid sportsman who was terribly loyal to his friends and family. Ultimately, Ambrose presents a masterful portrait of Eisenhower that finely delves into his personal life during his presidency, the onset of the Cold war, and as the leader of a rapidly evolving nation struggling with issues as diverse as civil rights, atomic weapons, and a new global role. Ambrose shows what an extraordinary person Eisenhower was and the extent to which many who live in freedom today owe to him. This superb interpretation of Eisenhower's life confirms Stephen Ambrose's position as one of the nation's finest historians.

Original publication and copyright date: 1970.

"An excellent book . . . D'Este's masterly account comes into its own." —The Washington Post Book World Born into hardscrabble poverty in rural Kansas, the son of stern pacifists, Dwight David Eisenhower graduated from high school more likely to teach history than to make it. Casting new light on this profound evolution, Eisenhower chronicles the unlikely, dramatic rise of the supreme Allied commander. With full access to private papers and letters, Carlo D'Este has exposed for the first time the untold myths that have surrounded Eisenhower and his family for over fifty years, and identified the complex and contradictory character behind Ike's famous grin and air of calm self-assurance. Unlike other biographies of the general, Eisenhower captures the true Ike, from his youth to the pinnacle of his career and afterward.

This classic Cold War-era history looks at the way President Dwight Eisenhower managed America's secret operations as general and as commander in chief and is based on privileged access to the president and his private papers—from bestselling historian Stephen E. Ambrose. During his time in office, Eisenhower projected the image of a genial bureaucrat, but behind that public face, he ran the most efficient espionage establishment in the world, overseeing assassination plots, the growth of the CIA, and the overthrow of governments. This book gives a behind-the-scenes look at some of the most ambitious secret operations in American history, including the 1954 overthrow of Jacobo Arbenz Guzmán's government of Guatemala; Operation AJAX, which toppled Iran's Mossadegh; and the U-2 flights over Russia. Some of Ike's most conspicuous intelligence missteps are also discussed, including the failure to predict the German attack during the Battle of the Bulge and the tragic encouragement of freedom fighters in Hungary, Indonesia, and Cuba. Ike's Spies is indispensable to anyone interested in the development of America's Cold War spy operations.

The popular historian shares his views of his own life and on the history of America, in a series of reflections on the Founding Fathers, Native Americans, Theodore Roosevelt, World War II, civil rights, Vietnam, and the writing of history.

From Stephen E. Ambrose, bestselling author of Band of Brothers and D-Day, the inspiring story of the ordinary men of the U.S. army in northwest Europe from the day after D-Day until the end of the bitterest days of World War II. In this riveting account, historian Stephen E. Ambrose continues where he left off in his #1 bestseller D-Day. Citizen Soldiers opens at 0001 hours, June 7, 1944, on the Normandy beaches, and ends at 0245 hours, May 7, 1945, with the allied victory. It is biography of the US Army in the European Theater of Operations, and Ambrose again follows the individual characters of this noble, brutal, and tragic war. From the high command down to the ordinary soldier, Ambrose draws on hundreds of interviews to re-create the war experience with startling clarity and immediacy. From the hedgerows of Normandy to the overrunning of Germany, Ambrose tells the real story of World War II from the perspective of the men and women who fought it.

A classic of World War II literature, an incredibly revealing work that provides a near comprehensive account of the war and brings to life the legendary general and eventual president of the United States. Five-star General Dwight D. Eisenhower was arguably the single most important military figure of World War II. Crusade in Europe tells the complete story of the war as he planned and executed it. Through Eisenhower's eyes the enormous scope and drama of the war--strategy, battles, moments of great decision--become fully illuminated in all their fateful glory. Penned before his Presidency, this account is deeply human and helped propel him to the highest office. His personal record of the tense first hours after he had issued the order to attack leaves no doubt of his travails and reveals how this great leader handled the ultimate pressure. For historians, his memoir of this world historic period has become an indispensable record of the war and timeless classic.
