Exploration and Engineering is a great book for everyone seriously interested in the struggles and achievements of JPL as NASA's centre for Mars exploration." ( Sky at Night )

"According to Conway, there is a 'disconnect' between the desire to travel into space and the desire to understand it.

Exploration and Engineering: The Jet Propulsion Laboratory and the Quest for Mars. Erik M. Conway. Although the Jet Propulsion Laboratory in Pasadena, California, has become synonymous with the United States' planetary exploration during the past half century, its most recent focus has been on Mars. Beginning in the 1990s and continuing through the Mars Phoenix mission of 2007, JPL led the way in engineering an impressive, rapidly evolving succession of Mars orbiters and landers, including ...
