Sometimes a Peugeot will have its problems, but having a decent service manual will make it possible to isolate, identify and even correct some of these problems, cutting down on any diagnostic work that needs to be done at the garage. A reliable repair guide will make it a lot easier to own and run a car, and provide reassurance to any owner that small problems need not become big ones.

Haynes has all the routine maintenance answers. Modern cars like the Peugeot 206 need much less maintenance than the vehicles of 25 years ago, but they still have needs. You no longer have to do a service every 6 months or change the oil every 3 months, but regular fluid changes are still essential to your Peugeot 206 ' s longevity.
