To that end, the Tracing Center's Best Practices in Slavery Interpretation is a ground-breaking project to research, evaluate, and disseminate, via writing and training, best practices for interpreting the history of slavery at museums and historic sites. "When future generations hear these songs of pain and progress and struggle and sacrifice, I hope they will not think of them as somehow separate from the larger American story.

Tracing Center's Best Practices in Slavery Interpretation

The New York State Museum History Collections are vast – from an 18th century colonial Dutch armchair to a Norden bombsite from WWII to a painting by Romare Bearden. The artifacts in our collection tell the stories of the people of New York State. To better manage these collections, they are divided into the categories of social history, political history, cultural history, and economic history.
