With intense competition for top management jobs and increased pressure on organizations to select the best candidates, more and more firms are now using challenging psychometric tests as part of their recruitment and assessment procedures. Also used to identify management potential in existing staff, tests are increasingly used to select the weakest employees when job cuts beckon. Management Level Psychometric Assessments offers more types of assessment than any other management testing book. Ideal for managers applying for supervisory roles or jobs on the board, for promotions as well as new employment, it includes tests on quantitative reasoning, currency conversion, verbal reasoning, decision analysis, situational awareness and visual estimation. Along with detailed answers and explanations, it places particular emphasis on getting you test-ready, with advice on the presentation part of your assessment and crucial information on which tests you are most likely to face for your industry. Management Level Psychometric Assessments is an invaluable resource providing all the practice you need to pass those tests and succeed against the competition.

Gone are the days when an impressive CV and a sparkling performance at interview were all you needed to land a great job. Now, for the vast majority of medium-large sized organisations worldwide, rigorous assessment of candidates is an integral part of the recruitment process, especially when it comes to filling those elusive top jobs. So whether you're after a junior management, senior management or even director level position, or simply want to familiarise yourself with the very latest selection and recruitment techniques, you need this book! It includes: 37 genuine management-level practice psychometric tests from SHL Group plc, the biggest test publisher in the world including 360 questions covering verbal reasoning, numerical reasoning and abstract reasoning; everything you need to know about personality questionnaires, plus loads of practice material, including the popular OPQ 32 personality questionnaire; a complete guide to what to expect, and how to survive an assessment centre visit, alongside genuine Brainstorm, Scenarios and Fastrack management tests; and detailed information about the management-level 'behavioural simulations' such as role-plays, group discussions, business analysis, in-tray exercises and presentations, commonly used to assess candidates at assessment centres.
