The Logic of History reveals the rational basis for historians' descriptions, interpretations and explanations of past events. C. Behan McCullagh defends the practice of history as more reliable than has recently been acknowledged.

Historians, he argues, make their accounts of the past as fair as they can and avoid misleading their readers.

Over the last century many sceptical 'lives of Jesus' have been written. Paul Barnett argues that their authors have used wrong historical methodology, ignoring some of the most important early evidence about Jesus Christ and failing to account for the first Christians' beliefs about him. A historian himself, Barnett s
