While It Lasts is a companion novel in the Sea Breeze series. When I first heard that Abbi Glines was writing a book about Cage, I was a little skeptical. Cage is a character we first met in Because of Low, and to be honest, I was not part of his fan club.

In all, while While It Lasts wasn't my favorite of the series mainly due to Eva, I do admit it to other fans of the series as well as people who enjoy contemp reads. The weird thing, though, is this actually a lot of people's favorite of the series, so I feel that it's weird I didn't enjoy it more....

In While it Last, the plot is clear. Total manwhore falls head over heels for the off-limits and innocent virgin. While she has issues and need to be treated with care and love, he still needs to understand how to deal with his predicament and make her forget his manwhorish ways from the past (because he's obviously reformed now).
